

TECHBULLETIN

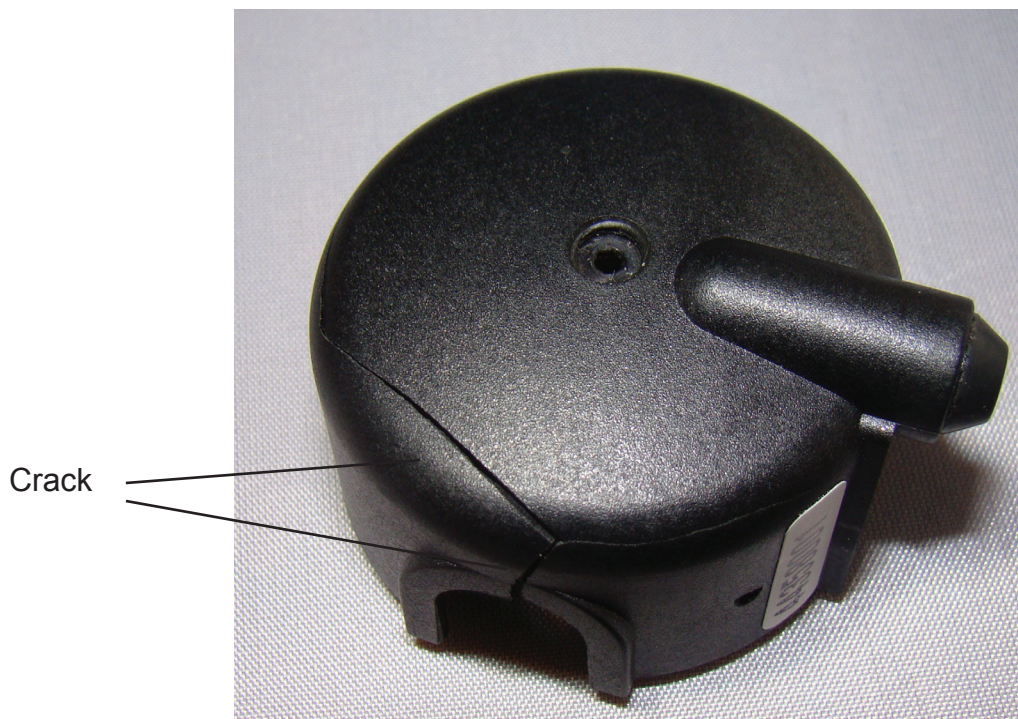

FOR VIKING, FRONTIER, ARAP AND
Z3000/Z3100 PRODUCTS

SERVICE ACTION IS REQUIRED WITH THIS TECH BULLETIN.

ISI has discovered cracks in a small quantity of 1st Breath CDV (Compact Demand Valves) and 1st Breath RDV (Removable Demand Valves) covers used on the following products during a period from April 2004 thru December 2008:

**Viking
Frontier
ARAP
Z3000/Z3100**

ISI records show that you ordered and/or received one of these products in the specified time period. You are required to inspect the CDV/RDV cover on your product immediately. **Any units with cracked or broken covers must be removed from service.** Once out of service, contact the ISI Customer Service Department at 800-474-7233 for a Return Authorization Number to return the equipment for a complete change out of the cover at no charge.
